

# Sapphire Coast Whale and Dolphin Cruises, 2009

In association with the Eden Whale Festival and the Sapphire Coast Marine Discovery Centre

This year, six people have the opportunity to join scientists with the Sapphire Coast Marine Discovery Centre on an exclusive wildlife adventure as part of the Eden Whale Festival.

The trip is being run with Sea Eagle Sailing charters and led by experienced marine scientists, Simon Mustoe and David Donnelly

Between Sydney and Eden, we will be heading across the continental shelf into deep water, where any one of a dozen or more whales and dolphins lurk. We'll use sophisticated underwater hydrophones to listen for them at night.

During the day we'll be searching for strange and unheard-of animals, like Risso's Dolphins and the seemingly voracious Pygmy Killers!

There'll be plenty of chance to get photos and video of bow-riding dolphins, migrating Humpback Whales and, as we get up close and personal with some of the largest seabirds in the world, the Great Alba-

## Cruise Dates and Prices

25-31 Oct (6 days) Sydney - Eden	\$2,950.00
1 - 4 Nov (4 days) Eden - Hobart	\$1,850.00

*All prices are per person twin share. Whilst the Sydney to Eden trip can be modified to suit all weather conditions (ensuring a level of passenger comfort), the Eden to Hobart trip is only recommended for those with some level of yachting experience. Only three passenger spaces are available on that leg. Passengers should be confident they can withstand potentially inclement sea conditions on the Bass Strait crossing.*

*Terms and conditions apply (see website, below).*
